Nationality: Japanese

Date/Place of Birth: 3-I-1972; Osaka, JAPAN

Home Address: 11-5, Ueda 5 chome
Matsubara-shi, Osaka
580-0016, JAPAN

Academic Background:

- 1998 – 2007. Master's in Biology with emphasis in Entomology (with honorable mention). University of Costa Rica. San José, COSTA RICA.
- 1990-1995. Harding University. Searcy, Arkansas, USA. B.A. in Biology and Minor in Bible. .
 - (Harding Academy. Searcy, Arkansas, USA. 1987-1990.)
 - (Matsubara City Junior High School. Osaka, JAPAN. 1984-1987.)
 - (Matsubara City Elementary School. Osaka, JAPAN. 1978-1984.)
 - (Matsubara Miyamae Kindergarten. Osaka, JAPAN. 1976-1978.)

CURRENT RESEARCHES, PROJECTS, and INTERESTS

- Book 'Insects of Costa Rica', with Paul Hanson
- Gall-inducing Lepidoptera and Coleoptera
- Insect natural history and photography
- Biological control of invasive weeds=Survey for Insect Enemies of *Bocconia frutescens* in Costa Rica
- Natural habitat conservation and regeneration in cities and urban areas

CURRENT PORFESSION

-Exploratory Entomologist 探検昆虫学者 (Biological Control of Invasive Weeds in Hawaii and other Pacific Islands; and other personal projects involved mainly with taxonomists).

INVITED PROFESSIONAL PRESENTATIONS

-Photo Exhibition, Green Corridor Costa Rica 'between two oceans, between two continents' was held during the period from June 2nd to July 12th, 2004 at Aquamarine Fukushima in Fukushima, Japan. 企画展：写真展「緑の回廊コスタリカ、西田賢司の昆虫の世界」2004年6月2日～7月12日、ふくしま海洋科学館。

INVITED AND PROFESSIONAL FIELD EXPERIENCE

-Butterfly-collecting trips in Peru, Chile, and Costa Rica (2000-2001), with Dr. Michael F. Braby (and Naomi E. Pierce; Pierce MCZ lab, Harvard University), for specimens for phylogenetic analysis of Pieridae, Riodinidae, Lycaenida), and phylogeny, biogeography, and life history of the mistletoe host-associated Pierinae.

-Field research on Lac-feeding insects in Thailand, invited by David Adamski (USDA/Smithsonian Institution), two occasions in 2004-2005.

-Katydid searching and collecting trip in Costa Rica, invited by Piotr Naskrecki (Harvard University/Conservation International), three occasions in 2005-2007.

-Tachinid fly field-collecting trip in Japan: Asiu, Wakayama, and northern Kyushu, with Donald Montgomery (Monty) Wood (Invertebrate Biodiversity, ECORC, Agriculture and Agri-Food Canada, Ottawa, Canada), September-October, 2007.

-Various University and Graduate students' field guidance and assistance in Costa Rica (2000-2008/present).

-Insect field trip in Costa Rica with Dr. Toshitaka Hidaka and Dr. Ken'ichiro Mogi for editorial Shueisha of Tokyo, Japan. August 2008.

SPECIAL SKILLS

-Languages: Japanese (native tongue), English (fluent), Spanish (fluent).

-Music: violin (hobby).

-Cooking (hobby).

-Photography: digital photography.

-Sports: soft-tennis and tennis

-Insects: recognition of insects in general and spreading wings of minute microlepidopterans.

SUPPLEMENTARY SKILLS

Computer: basic knowledge of Windows operating systems, MS Office, Adobe Photoshop.

EMPLOYMENT:

-Matsushita-reiki (Matsushita Electronics) Refrigeration-Machinery. Osaka, Japan.: 1988 June-August.

-Morimoto Drug Store. Matsubara, Osaka, Japan.: 1990, 1991 June-August.

-Seiden Electronics Industry. Matsubara, Osaka, Japan.: 1993 June-August.

-Suntory Beverage Co. Osaka, Japan.: 1995 September-December.

-Sharp Electronics. Osaka Japan.: 1996 September-December.

-Shaddy Gift Co. Matsubara, Osaka, Japan.: 1997 August-December.

-Entomological specialist, *in* the project "Biological control of *Miconia calvescens* in Hawaii by importation of natural enemies". USDA Forest Service, Institute of Pacific Islands Forestry & University of Costa Rica. 2002-2005.

-Tree of Life (Lepidoptera, part), Charles Mitter, University of Maryland.

2006-2008/present. <http://www.tolweb.org/tree/home.pages/aboutoverview.html>

MEMBERSHIPS AND ACTIVITIES:

The ESA (Entomological Society of America) 2001 Annual Meeting – 2001, December 11, 2001 - D0276.

Project ALAS (Arthropods of La Selva)-Instituto Nacional de Biodiversidad (INBio) Nacional Inventory: Inventory of Arthropods, OTS Station La Selva, Costa Rica. 2002-2005.

A NSF-, CR-USA- and ACG-sponsored workshop on the biology and biodiversity inventory of caterpillars, Area de Conservacion Guanacaste (ACG), northwestern Costa Rica, 19-28 June 2003.

XXII International Congress on Entomology 2004 (ICE 2004), Brisbane, Australia—August 2004.

The 4th International Symposium of Gall-forming Insects and Symposium of the IUFRO Working Group 7.03.02 Gall/-forming Insects—Biodiversity of Gall-forming Arthropods and Their Associates. Kyoto, Japan, September 5-9, 2005.

The 6th International Congress of Dipterology. 23-28 September 2006. Fukuoka, Japan.

4th International Symposium on Syrphidae (Diptera). Siikaranta, Finland. 29th June - 2nd July, 2007.

The XV European Congress of Lepidopterology at Berlin from 8 – 12 September 2007. Berlin, Germany.

'Geography of gall-inducing insects in South and Meso-America'. 30 Setembro a 04 de Outubro de 2007 - Recife/Brasil.

第 56 回レピゼミ (Lepidopterists' Seminar), Osaka Prefecture University, Osaka Japan. 2008, 4/26.

日本昆虫学会第 68 回大会, 2008, 9/13-16, Kagawa, Japan.

日本蝶類学会 The Butterfly Society of Japan、学術委員. 2008-.

TEACHING AND SUPERVISING EXPERIENCE

- Artrópodos Terrestres course assistant, Universidad de Costa Rica. 2000-2002.
- General Biology Lab assistant, Universidad de Costa Rica. 1999-2000.
- Zoology lab assistant, Harding University. 1993-1994.
- Proyecto Plás, Escuela República de Haití, Costa Rica, supervisor. 2006-2007.
<http://www.lrsarts.com/plas/japones/index.html>
- Proyecto Mariposas en la ciudad de San José, el Plan de Arborización Urbana (PLANARBU). Colaborator. 2005-.

VOLUNTEER WORK

- Curation assistant of Macrolepidopteran collections at Instituto Nacional de Biodiversidad (INBio), Santo Domingo de Heredia, Costa Rica. 1996.
- Curation of Lepidopteran collections for teaching and personal reared wet and dry lepidopteran collection. Escuela de Biología, Universidad de Costa Rica. 2000-2005.
- Sharing many unpublished data and materials with many scientists around the world. 1998-.
